**SALES SERVICE**

● **HAOSAITE**

HAOSAITE was established in 2004. The company is a high-tech & joint-stock enterprise covering 26000 m<sup>2</sup>. Converged with development of scientific research, production operation, technique service as an integrate. We are an independent import and export rights' enterprise. The company is awarded Qingdao Profession Lean Speciality Innovation enterprise, Qingdao Private Technology enterprise, Qingdao High-tech enterprise.

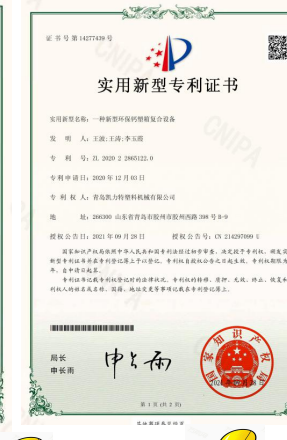

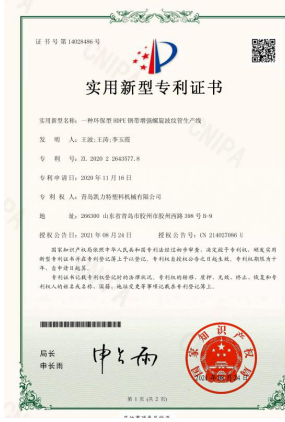

● **PRODUCT**

The products include plastic machinery and products. We have passed ISO9001:2000 international quality system certification. We have new products developing trial plant. The plastic machinery covers series of pipe, board & sheet, profile, granulator crusher and so on referring 20 series 100 varieties.

● **MARKETING**

Our machines are exported to more than 20 countries such as Canada, Italy, Russia, Chile, Indonesia, Kazakhstan, Ukraine, Vietnam, India, Turkey. Providing most competitive products and perfect service after sales which get highly praise by domestic and abroad clients.

## HST-600 new style PE high speed steel stripreinforced spiral corrugated pipe production

Scope of Equipment Supply	QTY
HST-600 new style PE high speed steel strip reinforced spiral corrugated pipe production main line	one
HST-SJ45 steel strip compound production line	one

No	Equipment name	QTY
1	65 Extruder	2 pcs
2	moveable platform system of extruder	2sets
3	core mould (including flowing path)	4sets
4	outer mouldin (including flowing path)	4sets
5	main frame	1set
6	forming system within spiral	1set
7	forming system outer spiral	1set
8	forming auxiliary system	1set
9	main forming system of steel	4sets
10	curl forming system of steel	4sets
11	hot wind system	1set
12	inner cooling system	1set
13	outer cooling system	1set
14	steel strip welding system	1set
15	winding machine	1set
16	cutting machine	1set
17	convey shelf	2sets
18	Feeder,Hot Wind hopper system,	2sets
19	Electric control system	1set

# HST-600 new style PE high speed steel strip reinforced spiral corrugated pipe production

PE high speed steel strip reinforced spiral corrugated pipe

1. 65/30 main extruder

2.Extrude mould and flowing path

3.Spiral forming system

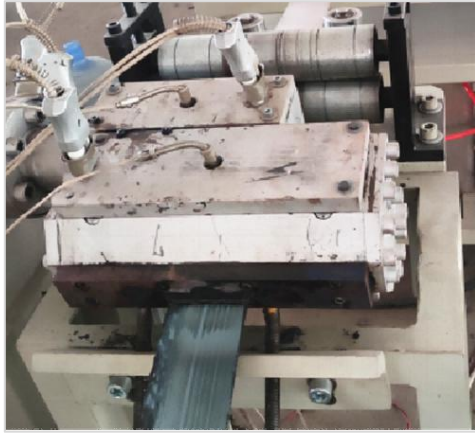

4. Forming Auxiliary System

5. 45/30 main extruder

## HST-600 new style PE high speed steel stripreinforced spiral corrugated pipe production

6. extrude mould

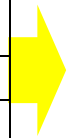

7. cooling water tank

8. Flat haul off machine

## HDPE drainage boards production line

No.	Equipment Name	QTY
1	SJ-150X33 single extruder	1PC
2	160 Screen changing device	1PC
3	die head of board	1SET
4	SYG-800X2300two roller light blister machine	4SET
5	Row rollers cooling device	1PC
6	Cutting edge device	1SET
7	Haul-off machine	1PC
8	Cutting machine	1PC
9	Winder equipment	1PC
10	Meter counter device	1SET
11	control system	1SET
12	wearing parts and tools	1SET

HDPE drainage boards

HDPE drainage boards

# HDPE drainage boards production line

1.SJ-150X33 single plastic extrude

2. 160 Screen changing device

Motor

3. boards die head

4.SYG-800X2300 Two roller calender blister forming machine

SYG-800X2300Two roller calender blister forming machine

## HDPE drainage boards production line

5.Row rollers cooling device

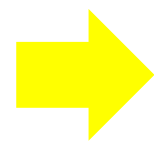

6.Cutting edge device

7. Haul-off machine

8. Cutting machine

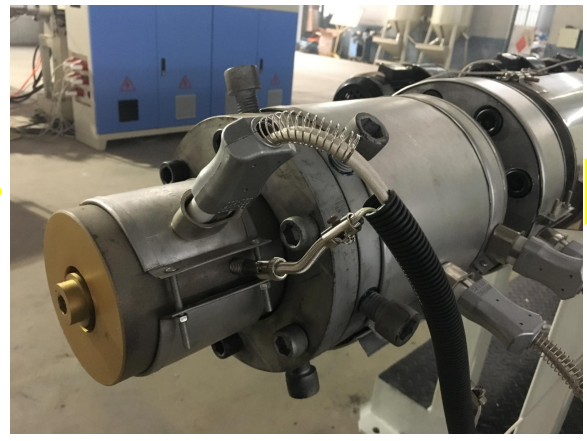

9.Winder machine (automatic)

# SKRG300—1000 style Large-caliber and hollow-wall winding pipe extrusion line

1.SJYZ80/156 twin screw extruder

2. Extruder head & die

3.SJ45×30 single screw extruder

4. Vacuum sizing cooling system CRZL - 110

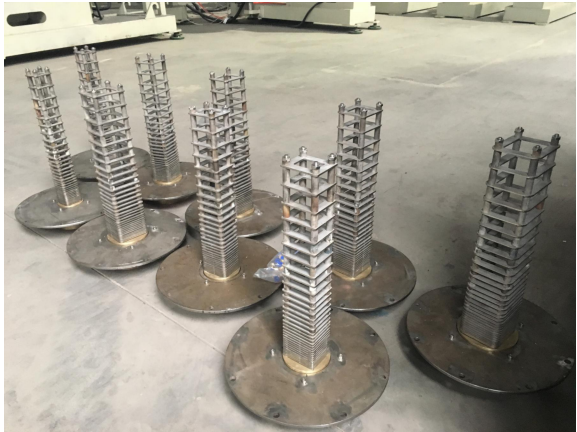

5.Spray sizing water tank

6.Winder forming machine CRGJ300—1000

# HST-600 new style PE high speed steel stripreinforced spiral corrugated pipe production

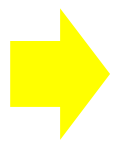

7. sizing set

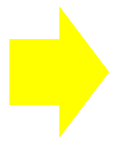

8. mould for pipe winder forming machine

9. extruder for melting glue

10. cutting machine

11. dismantle table

## C.O.D Corrugated Optic Duct pipes production line

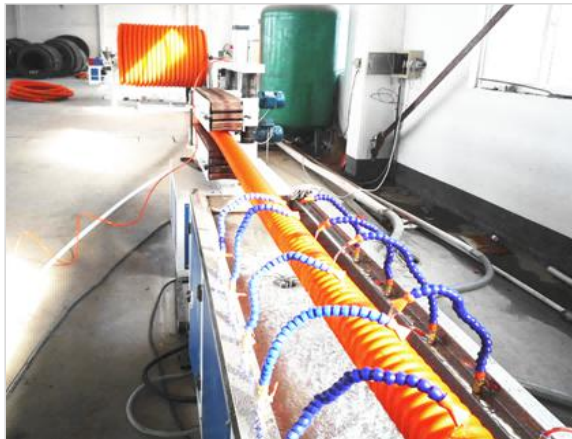

Spiral pipe production line (mother pipe)

1. SJ-90/30 Single screw extruder

2. Compound extrude mould  
(Include son pipe combination unit)

3. Forming machine STCJ-110(Material:  
stainless steel, inner parts are chromed  
plated)

4. Caterpillar-tractor

5. Winder SJQ-2600

## C.O.D Corrugated Optic Duct pipes production line

Part 2 Small pipe production line  
(son pipe)

1.SJ-65/30extruder one set /SJ-45/30 extruder

2. Mould

3. Vacuum calibrating spray water tank

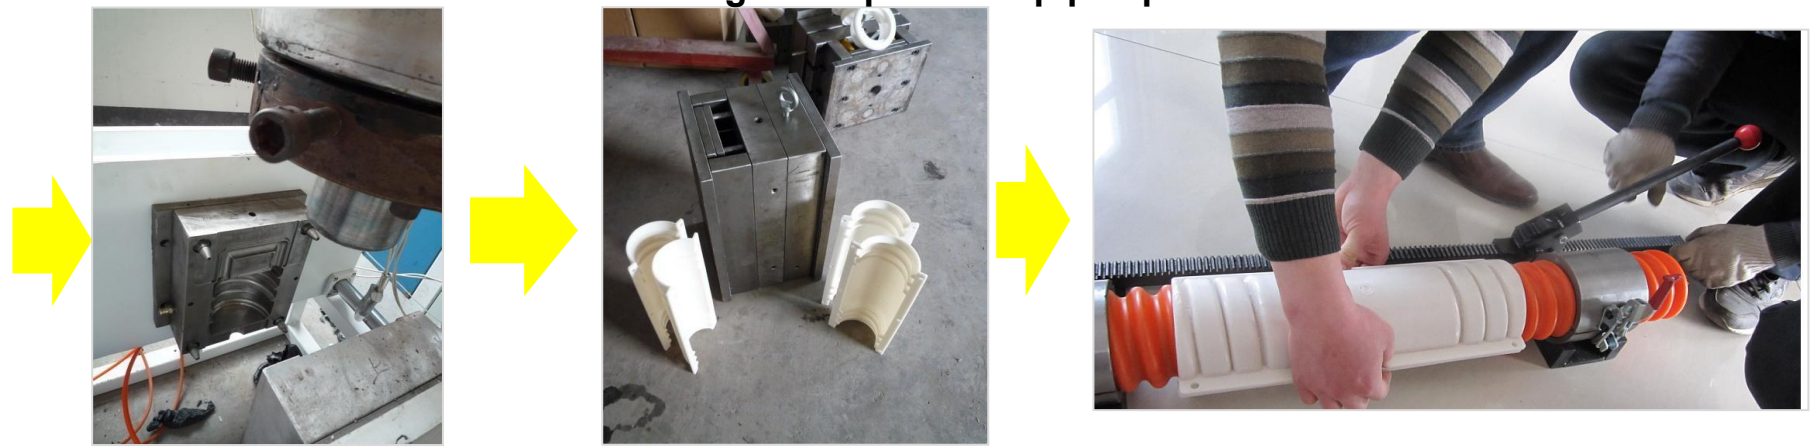

4. Automatic winding machine

5.COD Shake handshadle auxiliary  
machine

### C.O.D Corrugated Optic Duct pipes production line

6.Mould clamping machine &Die head mould&Blow moulding

7.Connector injection mould

8.Connector injection mould

9.Site pipe shelf

10.Sealing injection mould

**Thank you for your reading, looking forward to your visit.**

# Advantage

- 17 years' export experience
- No defective return
- 0 defect
- Create win-win
- Mature technique

Sincerely Cooperation

Customer's satisfaction

Delivery in time

Swift Logistic

Higher Quality
